institution:
address:
telephone no:
fax no:
e-mail address:
website:

agrees to the following conditions about the use of the BibSonomy dataset:

1. Please drop us a line at webmaster@bibsonomy.org once your publication is accepted.
2. The dataset may be used for noncommercial, research purposes only.
3. The dataset may not be given to third parties.
4. No attempts will be made to recover personal information such as e-mail addresses or user IDs of anonymized users represented in the dataset.
5. Results obtained from the dataset may only be published with anonymized user IDs; no real user IDs may be used.
6. Should results obtained from the BibSonomy dataset be published, the undersigned agrees to notify the Knowledge and Data Engineering Group about the publication and provide a copy (PDF file) of the publication at the time of publication (e.g. the conference date).
7. Citing this data in publications, please refer to the following reference:
